

N. B., T. 30 N., R. 41 E., Mt. D. M.

Chains.

The land in this Tp. is principally mountainous. The soil is 2d. & 3d. rate. The timber and undergrowth consists of Pine, Cedar, Sagebrush and bunchgrass. Some portions of the Tp. are well adapted to grazing and agriculture.

There is a settlement in the central part of the Tp.

The Mts to the East are those of the Mt. King Range while those of the northern part comprise a portion of the New Pass range.

This Township should be subdivided
