6

Chains Survey begun November 15th 1893,
with a Gunley mountain transit.

T. 14 N., R. 67 E., M. D. M.

North, bet. Secs. 9 and 10.

Ya. $16^{\circ}30' E.$

At the southeast corner of Sec. 9, I found earth mound and charcoal in place, and the stake of the original survey lying on the ground, 18 lks. distant. I reset the original post at the mound, as per special instructions.

40.00

Old $\frac{1}{4}$ Sec. Cor. obliterated. I set a post with charcoal, dug pits and raised mound of earth as per instructions for re-establishing obliterated corners.

45.48

Disused road to Sacramento Pass, N. N. W. and S. S. E.

80.00

Old Sec. cor. obliterated, but I found the stake of the original survey lying on the ground, 25 lks. eastward. Took a backsight on starting-point, and found that my course had been correctly run,
